I understand that NWCPUD is participating in Energy Conservation Programs under contract with Bonneville Power Administration and the Oregon Department of Energy. I hereby apply for such services and financial assistance as may be available under either or both of these programs.

The information collected from the audit of my business, along with information collected from other businesses participating in the program, and technical data about energy use and efficiency will be used to assist in evaluating the conservation program.

Upon BPA's request, NWCPUD will provide this information. BPA may also request site visits to evaluate the installation and performance of energy conservation measures. This information may be released to the public but only in an anonymous, statistical form.
